### STATE SHARED REVENUE

Published annually by the League of Arizona Cities & Towns

March 18, 2019

### <u> Shared Revenues – Preliminary Budget Estimates</u>

A preliminary estimate of shared revenues for each city and town for FY 2019/2020 is set forth in this report. We obtained the total dollar figures subject to distribution from the Arizona Department of Revenue (DOR) and the Arizona Department of Transportation (ADOT). The distribution figures in this <u>Preliminary Estimate</u> were produced using the 2017 population estimates from the U.S. Census Bureau. We will not have access to the specific July 2018 population figures until May, at which time we will produce a revised <u>Final Report</u> for this fiscal year. Finally, please recognize that most of the distribution figures are also preliminary estimates and at this time the State budget is not finished, so the total distribution amounts may be subject to change.

#### Population Figures for Shared Revenue Estimates

As directed by statute, the population figures used in distribution of state shared revenue for Fiscal Year 2019/2020 are based on the official U.S. Census Bureau estimate for each city and town as of July 1, 2018. Since that data is not available until May, for this preliminary report we used the population figures from 2017.

July 1 U.S. Census Bureau Estimate	2016	2017
Designated Population for TPT/HURF/VLT:	5,491,234	5,566,766
Designated Population for URS:	5,496,902	5,572,482

#### **Shared Revenue Estimates**

The tables found within this report list the distribution of revenue from the Vehicle License Tax (VLT), Highway User Revenue Fund (HURF), State Transaction Privilege Tax (TPT) and State Income taxes, also known as Urban Revenue Sharing (URS).

<u>Vehicle License Tax (VLT)</u> – The total Vehicle License Tax distribution for FY2019/2020 is \$273,200,000, approximately 4.9% higher than last year's estimate of \$260,500,000.

Highway User Revenue Fund (HURF) – The FY2019/2020 HURF estimate provided by the Arizona Department of Transportation is \$413,801,000, approximately 3.2% higher than last year's figure of \$401,180,000. At this time, this figure includes the additional allocation of roughly \$14.4 million called for in statute, however it should be noted that this is an item that is subject to the final negotiated state budget. The Governor's budget proposal included this distribution. (Note: This highway user revenue estimate does not include the 3% of monies reserved for cities with populations over 300,000.)

**Note:** The HURF and "One-time" HURF distribution estimates discussed here and shown on the attached table do not include the 3% of monies reserved for cities with populations over 300,000.

State Sales Tax (TPT) – The estimate for state shared sales tax is \$585,000,000, approximately 5.4% higher than the estimated amount of \$555,000,000 contained in this report last year.

State Income Tax (URS) — The estimate for state income tax is \$737,561,000, approximately 9.3% higher than last year's estimate of \$674,804,437. (Note: This is the only one of the shared revenue categories that can be accurately provided since it is based on collections from two years ago.)

To summarize, the estimated shared revenues for distribution to cities and towns in the upcoming fiscal year based on current state law from each of the sources are as follows:

Vehicle License Tax	\$273,200,000
Highway User Revenue	\$413,801,000
State Transaction Privilege Tax	\$585,000,000
State Income Tax	\$737,561,000

Please recognize there is always the possibility an unforeseen circumstance could significantly alter these shared revenue forecasts. If there are any noteworthy changes to any of these numbers, we will prepare and deliver revised estimates as quickly as possible. If you have any questions, please give us a call.
